

HARDY SIGNS.

TRANSFORMING
THE UK **SINCE 1993**

More than just a Sign Company.

Welcome You've come to the right place

At Hardy Signs, we call on more than twenty five years' experience in the signage industry to offer an unrivalled and award-winning service to our clients, both locally and nationally.

Hardy Signs was founded back in 1993 when MD, Nik Hardy, took the company's first steps.

The early days saw mostly traditional, hand-painted, signage projects for the many breweries of Burton upon Trent.

We're passionate about delivering creative and inspiring signage to help your organisation thrive

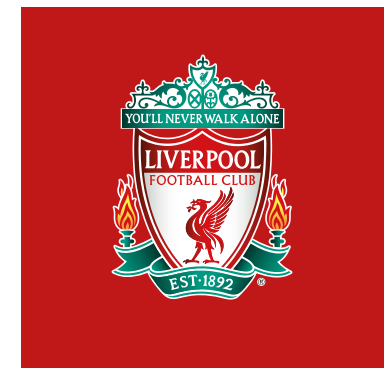

Why Hardy Signs?

In short, we've got you covered. Our team is fluent in every aspect of the industry and will work closely with you to ensure the final project is one which you are proud to display. From our state-of-the-art manufacturing headquarters in Burton upon Trent we design, manufacture and ultimately install your signage to exact requirements.

Some of our clients

We work for some of the most innovative and best-loved companies in the world. We're proud that many of these organisations have been with us for over two decades and our relationships continue to grow. Take a look at some of the organisations which continue to trust Hardy Signs as their preferred supplier.

Digital Signage

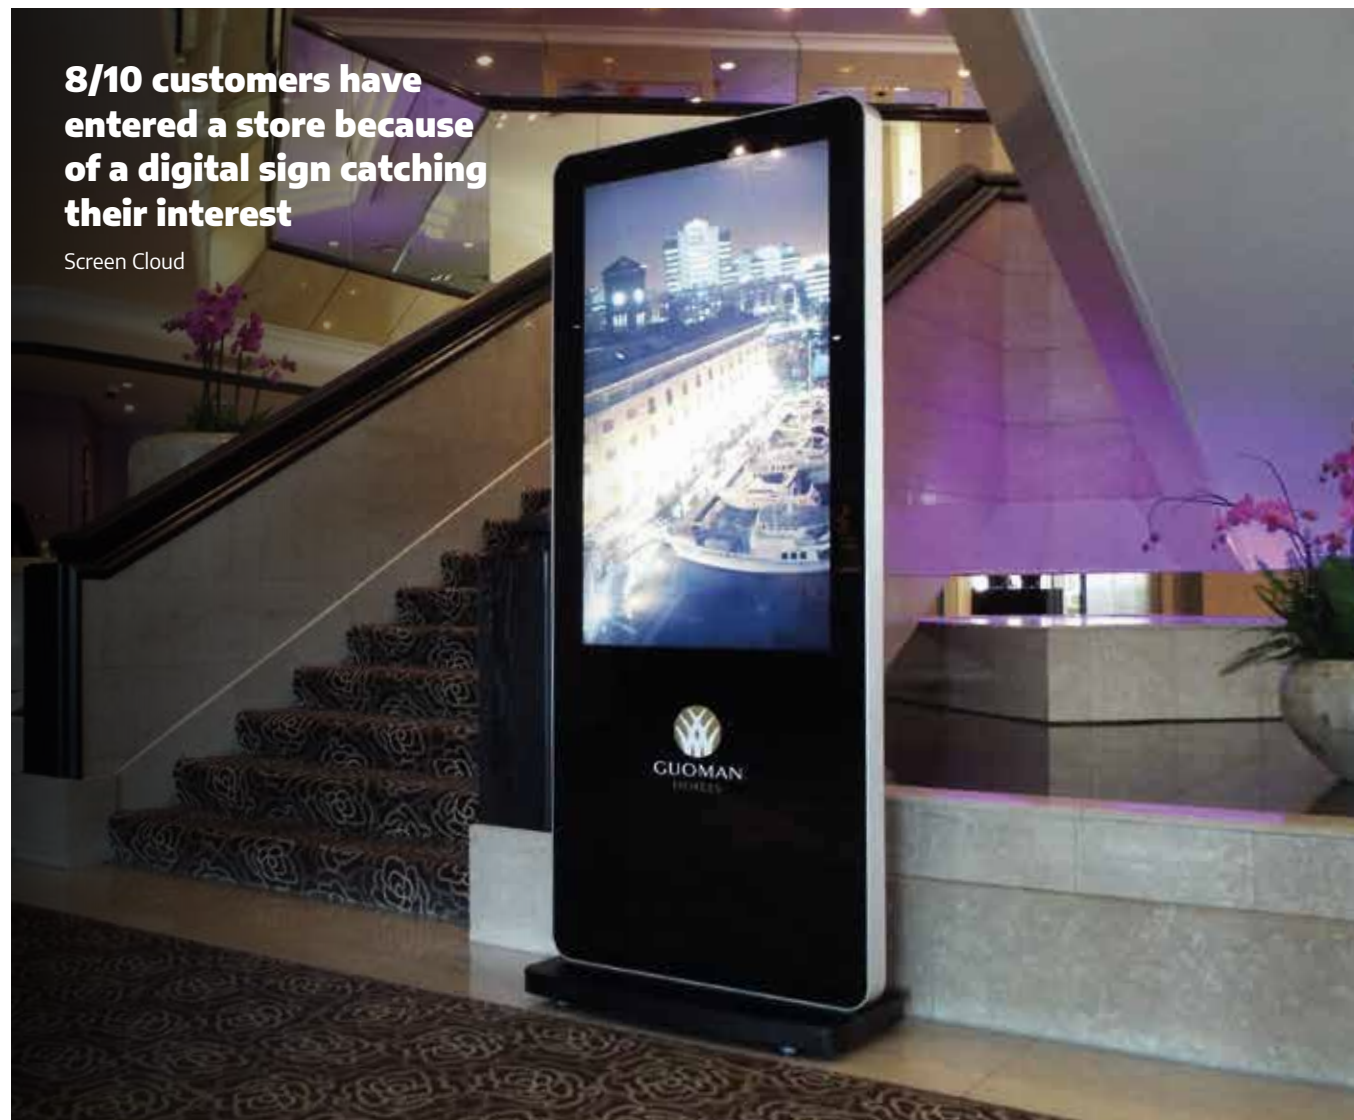

At Hardy Signs, using our industry expertise we are fully equipped to provide complete turnkey solutions. We develop software to be used alongside the superior hardware that we supply. In addition, we offer a huge variety of products, all designed for 24/7 usage, as well as a range of back-end software solutions.

Outdoor Signage

Are you looking for a new shop fascia to attract those customers?
Perhaps some outdoor signs to direct and inform your audience around your site?
Or are you looking for your name in lights – to be seen from miles away?
We have everything to make your outdoor space achieve its potential.

Our installation team is fully accredited to operate specialist access equipment and is fully versed in health and safety procedures required to deliver the most complex of signage projects

At Hardy Signs we want you to offer a unique and inspiring first impression – after all, who wants to sink in to the background?

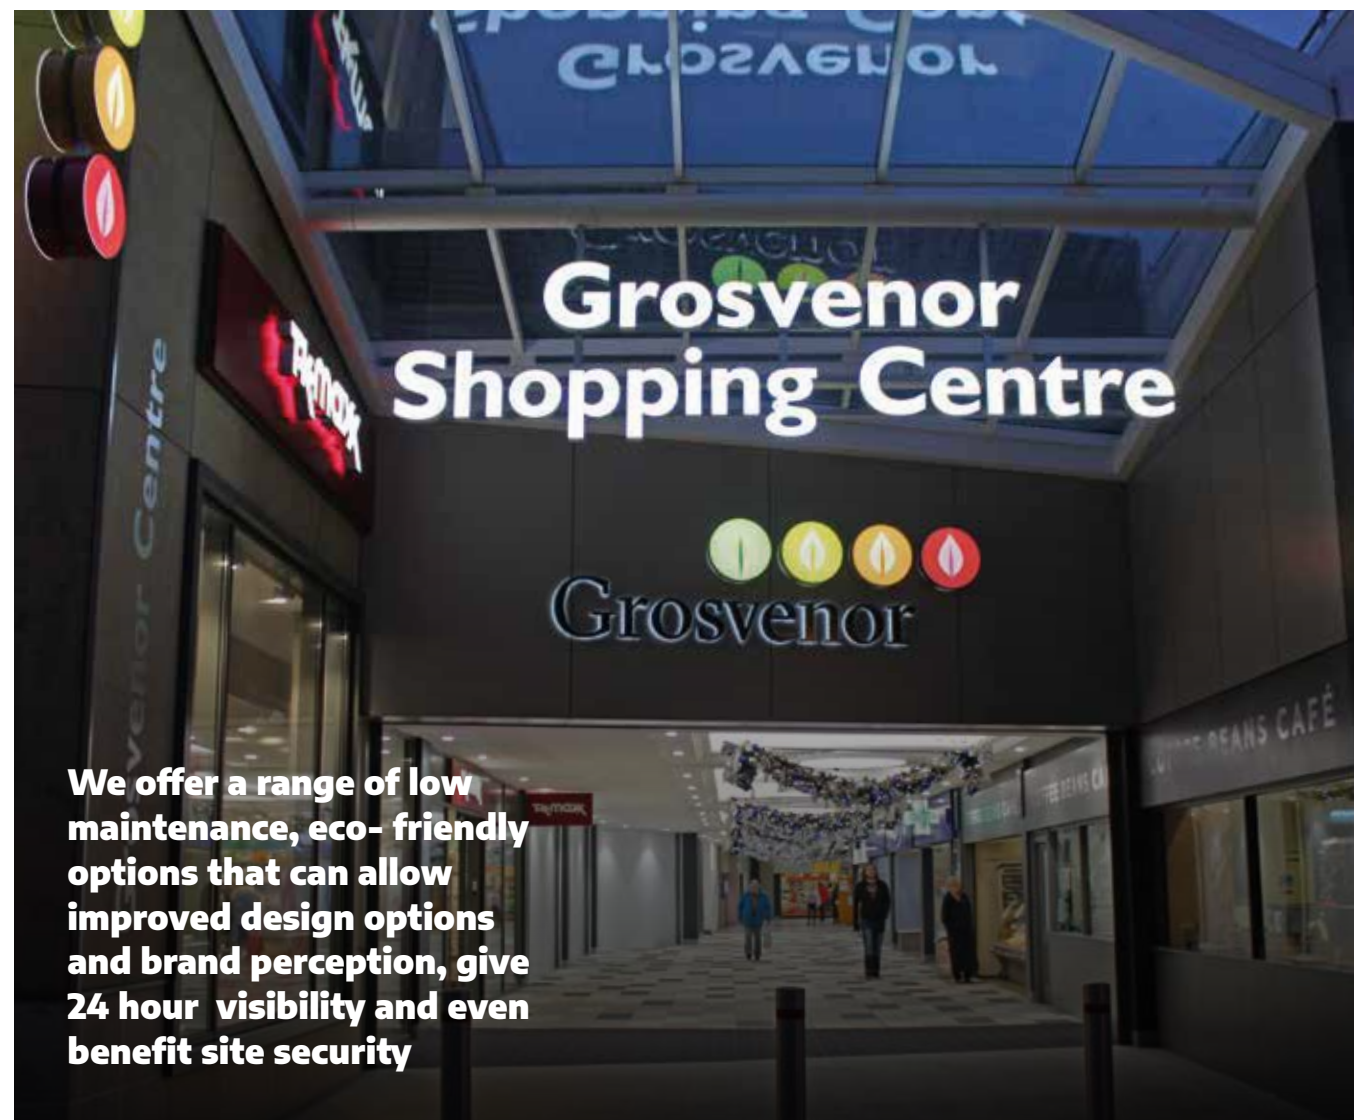

Illuminated Signage

Incorporating illumination into your outdoor signage is a great way to gain prominent visibility and stand out from your competitors. Hardy Signs has supplied and installed illumination for a wide range of organisations who are aiming to bring life to their signage scheme.

- 3D Letters & Logos
- Face & Halo Illuminated
- 3D Acrylic Illuminated Letters & Logos
- Neon Signs
- Flexible-Faced Light Boxes
- Stencil-Cut Light Boxes
- Sign Lighting
- Architectural Lighting

We offer a range of low maintenance, eco- friendly options that can allow improved design options and brand perception, give 24 hour visibility and even benefit site security

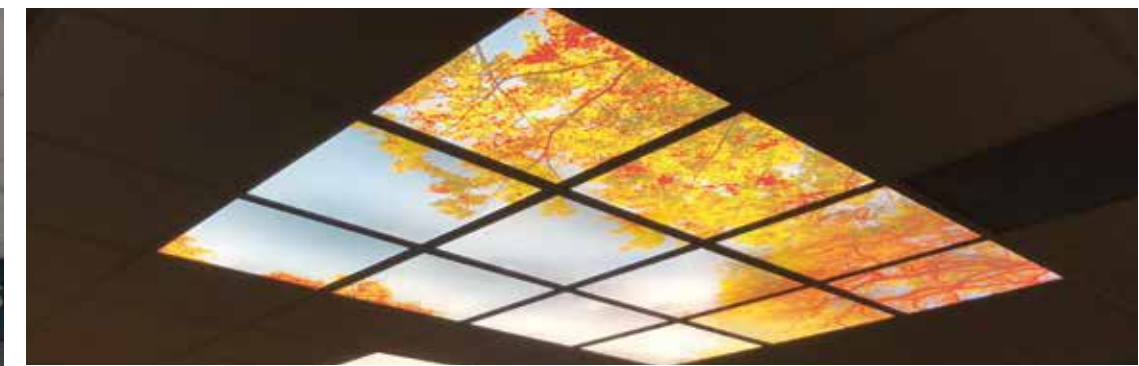

Indoor Signage

With over 25 years' experience, Hardy Signs has established a full catalogue of signage solutions for internal applications. Our design, manufacture and installation teams work closely with you to understand your requirements, develop your brief and deliver projects to suit your budget.

- Office Signs
- Printed Wallpaper
- Notice Boards
- Point of Sale
- Window Graphics
- Wall Graphics
- Custom Vinyl Graphics
- Wayfinding Signage
- Design Service
- Installation Service

Indoor Signage

For our clients across the UK, we produce and deliver office signage projects which include door signs, directory and wayfinding signage, printed wallpaper and graphics, illuminated lettering and logos, window graphics, privacy or solar films and digital signage solutions – to name a few.

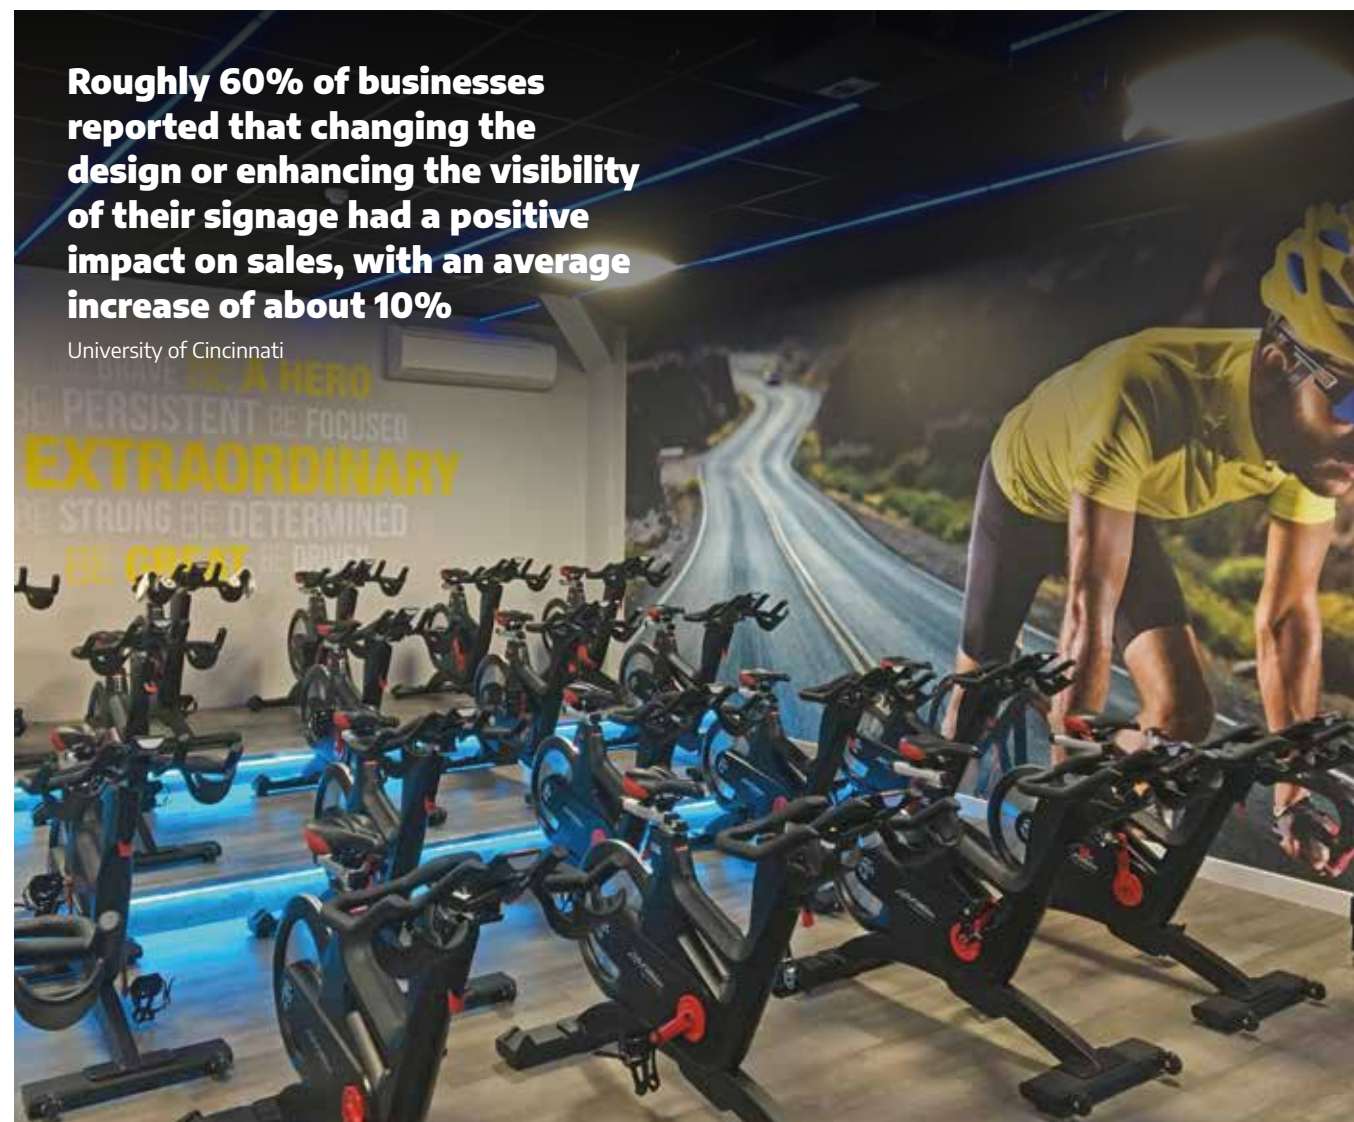

Utilising the latest technologies in design, print and fabrication, Hardy Signs offers signage that will enhance your internal spaces and reflect your brand to visitors, customers and staff alike.

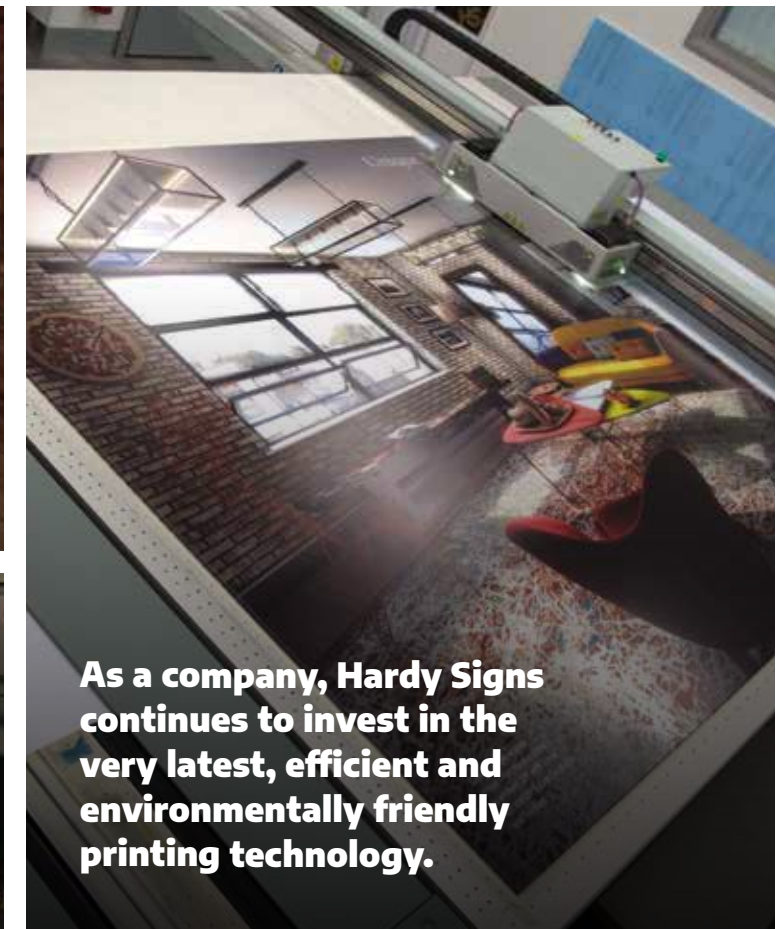

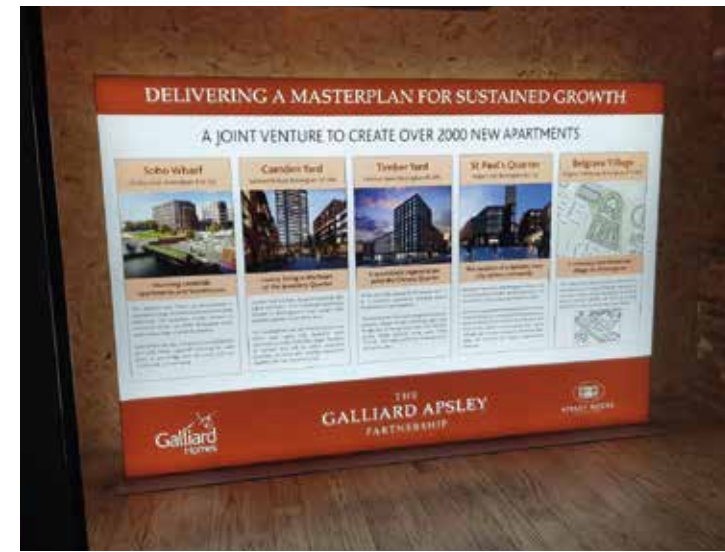

Roughly 60% of businesses reported that changing the design or enhancing the visibility of their signage had a positive impact on sales, with an average increase of about 10%

University of Cincinnati

Large Format Print

Our state-of-the-art studio is home to a range of technology allowing Hardy Signs to produce high quality, large format, printed material for almost any application. Take advantage of our UV flatbed machines on which our technicians produce high quality images onto rigid materials such as Foamex, Acrylic, Dibond, Aluminium, Steel, Wood and more. With a capacity to print 3 metre x 2.5 metre in a single piece, we'll ensure your print has a seamless finish.

- Poster Papers
- Flexible & Rigid PVC
- Vinyl Films
- Wallpaper

Vehicle Signage

From individual vehicles to a large nationwide fleet, Hardy Signs offer a range of services to suit your requirements; full vehicle wrap, customised decals and speciality graphics such as reflective or colour changing. Whatever your vehicle type, we've got you covered...

In addition to cars, vans, lorries and buses; our accredited installers work with motorbikes, jet skis, heavy plant and helicopters to name just a few.

Communicate your message to thousands of road users every day by using your vehicle as a dynamic advertising tool.

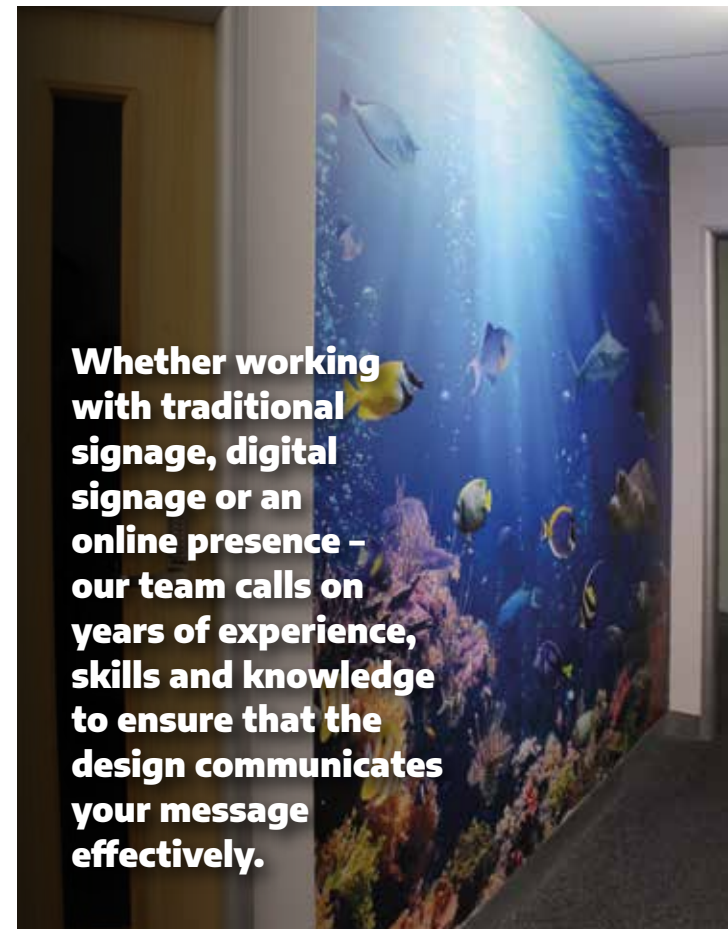

Design Services

Hardy Place, our state-of-the-art facility in Burton on Trent, is home to our extensive design studio from which our design team create exciting and inspiring projects for organisations across the UK and beyond.

Whether working with traditional signage, digital signage or an online presence – our team calls on years of experience, skills and knowledge to ensure that the design communicates your message effectively.

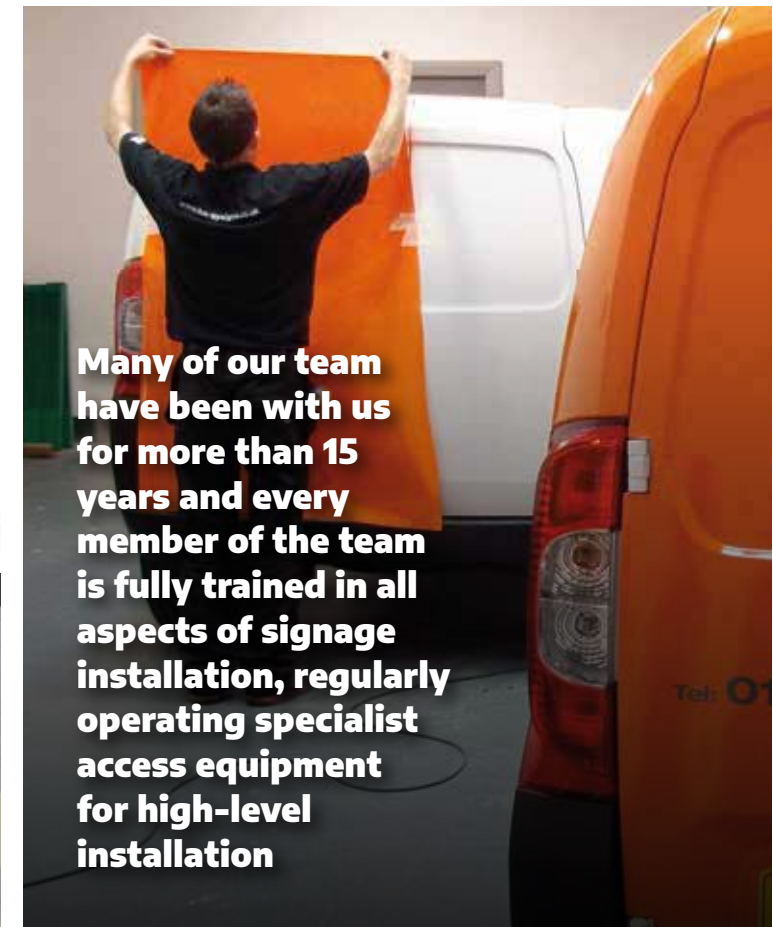

We'll encourage you to work closely with the design team to develop your ideas, introduce new concepts and ultimately create the finished article that you'll be proud of, in representing your organisation.

Installation

At Hardy Signs, we offer the complete signage package and a key element to our approach is a comprehensive installation service. Our signage installation knowledge and experience working in every sector have enabled us to successfully deliver thousands of projects for prestigious clients across the UK.

Many of our team have been with us for more than 15 years and every member of the team is fully trained in all aspects of signage installation, regularly operating specialist access equipment for high-level installation
