

HARDY SIGNS.

TRANSFORMING THE UK SINCE 1993

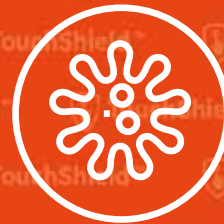

Introducing...

TouchShield™

Anti-microbial, clear protective film covering for up to **99%*** protection against bacteria and viruses.

Protection of **>99%**
Certified to ISO 22196
for **bacteria**

Protection of **>93.41%**
Certified to ISO 21702
for **viruses**

INNOVATION YOU CAN TRUST

Touchshield™ is a clear, watermarked, anti-microbial protective film for easy integration into any public landscape or work environment.

Touchshield™ protects for 24 hours a day, 7 days a week and remains >99% effective against bacteria and viruses until the time that you decide to remove or replace it.

Touchshield™ is manufactured in the UK, designed to protect and reassure.
